WORK

Website Developer

As a Website Developer Intern, you will work closely with our development and design teams to assist in building, maintaining, and improving dynamic, user-friendly websites. This role offers hands-on experience in front-end and back-end web development, giving you the opportunity to apply your technical knowledge, expand your skills, and contribute to real-world projects.

Responsibilities:

- Collaborate with senior developers and designers to implement responsive, high-performance websites.
- Assist in writing clean, efficient, and well-documented HTML, CSS, JavaScript.
- Conduct basic testing, debugging, and troubleshooting of website issues.
